2007-08 BUDGET

VOLUME III

STAFF DETAIL

EXPLANATORY NOTES

This volume contains a listing of budgeted personnel and positions in both the unclassified and classified staff categories for the fiscal year 2007-08. Rates for unclassified employees include pay plan adjustments effective July 1, 2007 (or the beginning of the first semester).

Classified staff are shown at the rates in effect during 2006-07 because there was insufficient time to reflect approved rates prior to the printing of the budget. Lump sum provisions for classified salary adjustments effective during 2007-08 are included in each institution's budget.

Positions are listed by division and department within each institution. An alphabetical staff listing appears at the end of this volume.

Pay basis codes which precede unclassified and classified salaries are explained below:

Unclassified

- A - Specifies a salary on a 12-month basis
(July 1 through June 30).
- C - Specifies a salary paid for the academic year.
- S - Specifies a summer session or summer service salary.

Classified

- H - Specifies an hourly basis salary.

Letters which appear directly after salary figures are explained below:

NA - non-add

LV - leave without pay

An asterisk (*) following a salary amount indicates that this is the total salary for the position.
